Narrative

On August 8th we submitted a RAL for application #161049787 that an FRN be added for local phone service that was mistakenly included in FRN 1699113658 line item 1699113658.001. The attached supporting documentation was provided in the RAL. We would like to ask that you add the requested FRN to application #161049787.
